很榮幸透過這份年報與各位匯報我今年在議會的職務，以及未來工作的計劃。2023年是現屆立法會任期的中間點，也是我就任後的第二年。上任首年，在疫情的影響下，議會和業界活動受到相當的限制。今年全面復常後，我和議員辦公室團隊，聯同金融服務業界，加緊提出議案和推動各項計劃，逐步爭取到一些實質成果。年內所獲得的進展，實乃建基於兩年以來所積累的務實工作，以及業界的共同努力。我謹此向各業界同仁致以感謝。

2023年對業界以至各行各業均是充滿挑戰的一年，但我們憑着鍥而不捨的毅力，危中思變。誠如習近平主席所言，在挑戰中「揚優勢、補短板、強弱項」，穩中尋機。我為業界爭取更佳營商環境的工作亦從未停步。迎難而上雖不容易，但亦鞭策我向政府和監管機構在政策上爭取到較大的支持。

I am delighted to report on my work at the Legislative Council and share my plans for the future. As we reach the midpoint of the current LegCo term, 2023 also marks the second year of my tenure. In the first year of the current term, both Council and industry activities have been impacted by the pandemic. However, as we gradually return to normalcy, my office team has been proactive in moving motions and implementing plans. I am grateful for the support of the financial services industry, which has contributed to the tangible progress we have made so far. It is important to recognize that the achievements in 2023 are a result of cumulative efforts over the past two years and the collaboration of the entire industry. I would like to express my deep gratitude to my industry peers for their valuable support and contributions.

2023 has been a challenging year for both our industry and various sectors, but we have approached these obstacles with determination and adaptability. As President XI Jinping stated, in the face of difficulties we must “leverage our strengths and proactively address our weaknesses”; we must “seek stability and uncover new opportunities”. My efforts to secure a better operating environment for the industry have never ceased. While overcoming adversity is not a simple task, it has also presented us with an opportunity to gain greater policy support from the Government and regulatory authorities.

李俊宏 謹啟

國家堅定支持 香港由治及興 融合灣區發展

過去一年，在「一國兩制」成功實踐下，香港國安法順利實施，區議會選舉制度得以完善，真正落實「愛國者治港」，令社會回復安穩，有利香港經濟於疫後穩步復蘇。特區政府的治理水平得以進一步提升，帶領香港踏上良政善治、由治及興的新征程。

同時，國家《十四五規劃綱要》主張強化香港國際金融中心地位，香港擁有「背靠祖國、聯通世界」的獨特優勢，將可藉此鞏固「八大中心」的定位。為積極對接國家發展策略，我在5月10日的立法會會議上就「全面推動產業升級轉型，促進金融、經濟多元發展」議案提出動議，促請特區政府推動金融業多元化、綠色金融、科研產業化及新興產業發展。

大灣區是繼環渤海、長三角經濟圈以外，另一個國家經濟的發展重心。為積極融入國家發展大局，行政長官李家超先生4月率領特區政府及全體立法會議員到訪深圳、佛山、廣州、東莞等大灣區城市。其後，我與G19議員出訪澳門，會見澳門行政長官、澳門立法會主席。此外，我亦率團與金融服務業界代表考察大灣區，先後到訪騰訊、華為及比亞迪等公司，了解最新的創科、新能源等產業發展情況，並與當地金融監管官員會面交流，推動大灣區金融服務業的協同發展，期望為業界爭取更多商機。

另一方面，我亦參與由香港中華總商會、越南工商會（VCCI）等團體共同舉辦的「VCCI與香港商界代表團圓桌會議」，與約140名商界領袖齊聚一堂，共商合作機遇，並把香港、內地最新政策及信息帶到越南。此外，我還參與「中總論壇2023」，探討新一年香港經濟形勢和如何提升競爭力；以及中總青年委員會舉辦的世界青年華商論壇，與內地及海外各地華商團體青年代表共聚交流，剖析青年華商參與大灣區發展的機遇。

Stability to Prosperity - Hong Kong's Integration with GBA with Our Country's Support

In the past year, improvements to the District Council elections were made possible under the successful implementation of "One Country, Two Systems" and the enactment of the National Security Law in Hong Kong. This has helped ensure adherence to the principle of "patriots administering Hong Kong", thus restoring social stability and benefiting the steady post-pandemic recovery of Hong Kong's economy. The governance capability of the SAR Government has been further enhanced, leading Hong Kong on a new journey towards good governance and prosperity.

Meanwhile, the 14th Five-Year Plan reaffirms the importance of strengthening Hong Kong's status as an international financial center. With its distinctive advantage of "strong support from the Motherland and close connection to the world", Hong Kong can consolidate its position through development of its "eight centers". In order to actively align with the national development strategy, I moved a motion on "Comprehensively promoting the upgrading and transformation of industries to foster the diversification of financial and economic development" at a Council meeting on May 10th. The Council urged the SAR Government to foster the diversified development of the financial industry, expedite the development of green finance, drive the commercialization and industrialization of research and development, and develop strategic emerging industries. This proposal received positive responses from my fellow Council members.

The Greater Bay Area (GBA) is among the three major economic circles in China, with the Bohai Rim Economic Circle (BREC) and the Yangtze River Delta being the remaining two. In order to actively integrate into the national development agenda, Chief Executive Mr John KC Lee led the SAR Government, alongside all LegCo members, to visit a number of GBA cities including Shenzhen, Foshan, Guangzhou and Dongguan in April. Thereafter, I joined G19 LegCo members to visit Macau and met with the Chief Executive of Macau and the President of the Macau Legislative Council. In addition, I also led a financial services industry delegation to the GBA to learn more about the latest developments of innovation, technology and new energy sectors. We visited companies including Tencent, Huawei and BYD, among others. We met and exchanged views with the local financial regulatory officials so as to promote the coordinated financial services development in the GBA, which in turn can help create more business opportunities for the Hong Kong industry practitioners.

On the other hand, I also participated in the "Roundtable Meeting Between Vietnam Chamber of Commerce and Industry (VCCI) and Hong Kong Business Delegation", which was co-organized by the Chinese General Chamber of Commerce of Hong Kong (CGCC), VCCI and other groups. During the meeting, I gathered with about 140 business leaders to discuss cooperation opportunities, and illustrated them with the latest policies and information about Hong Kong and the Mainland. Moreover, I attended the CGCC Forum 2023 to share insights on the Hong Kong's economic prospects and how to boost its competitiveness; and also joined the World Young Chinese Entrepreneurs Summit organized by the Youth Committee of the CGCC, where I exchanged views on the business opportunities of the GBA with young Chinese entrepreneurs all over the world.

爭取監管與發展平衡 反映業界聲音

我作為業界在議會的代表，首要任務是為同業爭取更好的營商環境，積極倡導各項有利的政策和措施，以促進行業的發展。其中，我就金融服務業界當前面對的嚴峻困境，向行政長官及財政司司長分別提交了《施政報告》和《財政預算案》建議；當中，獲特首接納其中意見，並迅速成立「促進股票市場流動性專責小組」，共商各項短、中、長期激活市場的措施。

年度內，我提出了多項建議並取得進展。首先是降低交易成本，包括下調股票印花稅、取消交易系統使用費、降低交易所市場資訊費用等，務求在短期內提振市場信心。再配合其他措施形成「組合拳」，以重新吸引投資者回到港股市場；當中，包括：(1) 持續推進上市和市場改革，積極扶持更多來自不同行業、不同規模、國內國外的公司上市，並避免中小企上市申請受到不公平對待；(2) 進一步優化「資本投資者入境計劃」，擴大投資產品範圍；(3) 吸引中東及東盟等國家的家族辦公室及資金落戶香港；(4) 優化監管制度，例如檢視現行的前置式監管方式和著重披露為本的監管原則等等。證監會早前推出期貨風險管理諮詢文件，令業界擔心監管過嚴而影響業務；然而透過與業界協商下，我樂見監管機構優化規管細則，在管理風險與業界發展之間取得適當平衡，避免了過度監管而窒礙市場發展。

開拓市場方面，爭取多年的優化「跨境理財通」亦取得進展，相關部門於9月公佈進一步優化業務試點，其中包括擴大參與機構範圍，新增符合要求的證券公司作為參與主體，為「南向通」和「北向通」個人客戶提供投資產品及相關服務。此外，港交所首次公開招股結算平台FINI出台，提高了結算效率；而有關倡議GEM改革，以及推動惡劣天氣下的交易安排等，亦已先後推出了諮詢文件，落實相關建議急不容緩。

Striking a Balance between Regulation and Market Development Reflecting the Opinions of Our Industry

As the constituency representative in the legislature, my main responsibility is to advocate for a better operating environment for our industry. I have thus worked towards promoting favorable policies and measures to support our sector's development. Given the significant challenges currently faced by our industry, I have submitted recommendations on the Chief Executive's Policy Address and the Financial Secretary's Budget, respectively. I am glad that many of my suggestions have been accepted, leading to the prompt establishment of the "Task Force for Enhancing Stock Market Liquidity" to explore various short, medium, and long-term measures to boost the stock market performance.

During the year, I put forward multiple proposals and made solid progress. The first was to strive for lower transaction costs in order to boost market confidence in the short term. These proposals included advocating for a reduction in stamp duty on stock transactions, removing the trading tariff, and lowering HKEX's market data fees. Additionally, a combination of measures will be drawn up to attract investors back to the Hong Kong stock market. Among them are: (1) continuation of promoting listing and market reforms, along with the support of facilitating the listing of companies from different industries, different sizes and different countries, as well as avoiding unfair treatment of listing applications by small and medium-sized enterprises; (2) enhancements to the new Capital Investment Entrant Scheme (CIES), such as the expansion of investment product mix; (3) attracting family offices and funds from countries in the Middle East and ASEAN to come to Hong Kong; and (4) optimizing the regulatory system, such as reviewing the current front-loaded regulatory approach and focusing more on disclosure-based regulatory principles. The Securities and Futures Commission (SFC) previously launched a public consultation to seek feedback on risk management guidelines for futures dealing activities. This initially caused great concerns on the impact of excessive regulation on business. After a series of dialogues with the industry counterparts, I was grateful to see the regulatory authorities made changes to the regulatory requirements to strike an appropriate balance between managing risks and promoting industry development.

In terms of market development, progress has been made in optimizing the "Cross-boundary Wealth Management Connect Scheme" (Connect Scheme), which has been a goal for many years. In September, relevant authorities announced further enhancements to the pilot scheme, including the expansion of the scope of participating institutions to include eligible securities firms, allowing them to distribute investment products and provide relevant services to Southbound and Northbound individual investors. Furthermore, HKEX had launched the FINI platform, which helps increase the efficiency of IPO settlements. Consultation papers on GEM listing reform and trading arrangements under severe weather conditions have also been published, with the market urging for implementing the recommended measures as soon as possible.

多元金融發展 推動升級轉型

我相信創新和多元化是推動行業長遠健康發展的關鍵，因此會繼續努力倡導行業的升級轉型，協助業界引入金融科技，向資產管理、綠色金融、虛擬資產等高質量方向發展。香港亦須著力開拓新市場，例如重推伊斯蘭債券，進一步拓展香港的伊斯蘭金融業務，抓緊中東、東盟等國家帶來的新機遇，推動金融業多元化發展。

香港並非只有證券市場，要鞏固國際金融中心地位，我會繼續促請政府積極開拓其他金融服務範疇，包括商品、期貨、衍生工具、債券、貴金屬、企業融資、基金、虛擬資產等，豐富不同類型的金融產品及服務。

其中，我歡迎施政報告提出明年內設立全新的綜合基金平台，擴闊香港的基金銷售網絡，提升市場效率及降低交易成本。事實上，隨着港府推出開放式基金型公司（OFC）及有限合夥基金（LPF）制度，已見有傳統券商成功轉型為資產管理公司，9號牌數目因而有上升趨勢。隨着相關配套措施出台，香港的資產和財富管理行業更具競爭力，有助打造成全球財富管理中心。

另一方面，在去年所取得的進展基礎上，我們需要進一步推進上市改革和行業升級，如深入GEM改革的各項細節等，並在各項諮詢工作完成後，爭取在今年落實，盡快讓業界受惠。

至於地區工作，我透過聯合地區辦事處，舉行了金融防騙講座，增進市民對投資防騙知識。青年發展方面，我舉辦多次立法會導賞團活動，帶領不少青年企業家和青年才俊參觀立法會，並向他們講解我的日常工作，以及討論經濟民生議題。

展望未來，我將竭力為香港金融服務業創造更佳的發展條件，並持續將業界的聲音帶進議會、政府和監管機構，多管齊下推動業界的共同利益。正值新一年的開展，我衷心祝願香港和業界在新的發展機遇和挑戰面前，不斷提高創新能力和競爭力，共同爭取更大的成就和進步。

Diversified Development and Upgrading of Financial Services Industry

I believe that innovation and diversification are the keys to driving long-term and sustainable development of the industry. Therefore, I will continue to strive for industry transformation and upgrading, such as assisting the industry in adopting fintech innovations and pursuing high-quality development across asset management, green finance, and virtual assets. Exploring new markets is also our focus. The re-introduction of Islamic bonds can help further expand Hong Kong's Islamic finance business, thereby seizing new opportunities brought by countries such as the Middle East and ASEAN and contributing to the diversified development of the financial industry.

Our industry's development should not be limited to securities trading. To enhance Hong Kong's position as an international financial center, I will continue to urge the Government to proactively drive the development of other financial service areas, such as commodities, futures, derivatives, bonds, precious metals, corporate finance, funds and virtual assets. This will help enrich the variety of financial products and services available.

I welcome the proposal in the Policy Address to develop a new integrated fund platform within the next year, expanding Hong Kong's fund distribution network to enhance market efficiency and reduce transaction costs. In fact, with the Government's introduction of the open-ended fund company (OFC) and the new limited partnership fund (LPF) regime, there have been successful transformations of traditional securities brokerage houses into asset management companies, as witnessed in the increasing number of applications for Type 9 licenses. Thanks to the relevant supporting measures, Hong Kong's asset and wealth management industry has become more competitive, helping to strengthen its status as a global wealth management center.

Meanwhile, building upon the progress achieved last year, we need to further promote listing reforms and enhance industry competence, such as deepening the various aspects of GEM reform. After completing all of the consultation work, we will strive to implement these measures in the coming year to benefit the industry as soon as possible.

As for engaging local communities, I held a financial fraud prevention talk through my joint district office with another LegCo member to enhance public knowledge on how to avoid financial fraud. In terms of youth development, I organized a number of LegCo guided tours for young entrepreneurs and professionals, and shared views on my daily LegCo work as well as economic and livelihood issues.

Looking ahead, I remain committed to advocating for better growth opportunities for the financial services industry. I will continue to bring the industry's voices to work together with legislature, Government, and regulatory authorities to promote our common interests. As we enter a new year, I sincerely wish for Hong Kong and our industry to enhance with our competitiveness in the face of new development opportunities and challenges, and to strive for greater progress together.
